WIRE HELIX ALUMINUM FOIL HOSE WMF651 SilverDuct™ Long Lengths

DESCRIPTION

SilverDuct™ is a wire helix hose constructed to meet the UL® 2158A label for clothes dryer transition duct. SilverDuct™ has steel wire support and a multi-ply design of aluminum, polyester laminate and metalized polyester.

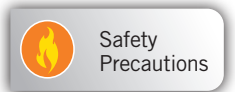

UL® 2158A only covers installations up to 8 feet. This long length version is constructed to meet the standard, but does not carry the UL® label.

PRODUCT FEATURES

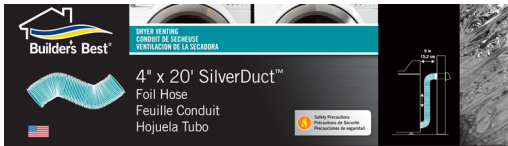

- **NOT labeled, but constructed to meet UL® 2158A**
- Steel wire helix duct
- Multi-ply design of aluminum/polyester laminate and metalized polyester
- PRO performance level

WARNINGS

- UL® 2158A approval only for installations of 8 feet or less
- Foil ducts crush easily and may contribute to lint build-up, creating a fire hazard.
- Foil duct is not recommended by Builder's Best as dryer venting
- Check your clothes dryer manufacturer manual as installation may invalidate warranties
- Check local building codes for appropriate use
